## SHELTECH RS TOWER CONSTRUCTION STARTED

Recently Sheltech started construction of Sheltech RS Tower at House # 58, Alaol Avenue, Sector # 6, Uttara, Dhaka.

Sheltech sees the philosophy of tomorrow. With this in mind, the architects working for Sheltech's design division have carefully created Sheltech RS Tower just for you in the charming settings of Uttara. The structural engineer has designed its reinforced concrete frame structure following the guidelines of Bangladesh National Building Code. The building is capable of withstanding the Code specified natural forces like earthquake and wind. The well-experienced architects and engineers of Sheltech's construction division will ensure superior construction quality and elegant finish to Sheltech RS Tower.

Sheltech RS Tower is a retreat in Uttara, but in close proximity to established residential areas surrounded by all the amenities necessary for modern living in Dhaka. Schools, colleges, universities, parks, natural lakes, recreational facilities, superb shopping, banks and restaurants are all available in the neighbourhood.

The architectural plan of each 805-1600 sft. apartment features two/three bedrooms, living room, dining room, spacious kitchen and so much more. Let Sheltech RS Tower fulfil your dreams of being a proud homeowner.
